## **About the author:**

Rafal Kudlinski is a Polish physicist and journalist. His career choices were very diverse. During high school years, he was fascinated by science-fiction television shows like Quantum Leap, Alien Nation, Buck Rogers in the 25th Century and Time Trax, which led him to the first stage of his education as a physicist. In 2003, he graduated from Wroclaw University of Technology with a degree in computer physics. During his studies, he became obsessed with Hollywood stars. When Internet approached “BigBang” years, he started to create websites for all the stars he loved and admired, starting with Scott Bakula and ending with Hugh Jackman. He was an avid viewer of E! Entertainment network and always dreamed to work for this crazy channel. Unfortunately, life took a different turn and led him once again in a different direction to pursue a stable career. In 2004, he graduated from Wroclaw University of Economics with post-grad diploma in quality assurance. Life was good and he had a steady job, but the dream of becoming a journalist and the desire to become a part of the media world started to bite again. In 2008, he started his third degree in Journalism and Social Communication at the University of Wroclaw, and graduated in 2010. The same year he started an online magazine with his best friend Piotr and also published his first book on themed television channels, which he dedicated to students of journalism. Joan: Drop Dead Diva is his first novel, which he decided to write the moment he heard Joan Rivers is dead. Joan was very special to him. Her jokes were often taken out of his mouth. As much he admires true artists he hates pseudo-celebrities who have nothing special but gain popularity with the masses.

It ain't a culinary book, although characters eat a lot of fantastic dishes and dish about celebrities. This is not biography of any kind either. It's full of real data from Joan's life to keep it more close to our hearts and down to earth. Joan was once a comedienne. Due to unfortunate tour of events she crosses over to a new world that seems to be so like ours, but it's not the same. Before afterlife of star treatment she has few more assignments on the menu. With her new pals Mandy, Ksav, Monique and Mary she must go to new frontiers, to declutter and clean talentless celebrities from public life. You will "Meet the Farthashians", "Cleaning Ladies of Hollywood-end", "Divas without the voices", "Housewives from the Sexy mansion" and "Spoiled and dumb - kids of Beverly Halls" plus many more in the book, that glorifies true talent and puts satire treatment on so called stars of the Hollywood. Did I mention Joan's dog is back? Max will give you extra thrills.
